

**FREEZE  
DRIED  
PROTEINS**

## FREEZE-DRIED PROTEINS CONVENIENT AND VERSATILE.

Freeze-dried proteins, such as freeze-dried meat and cheese, are becoming increasingly popular in the fast-moving consumer goods (FMCG) sector due to their unique benefits and versatility.

The freeze-drying process removes moisture from food products while preserving their nutrients, flavour, and texture. This innovative method allows for a longer

shelf life without the need for preservatives, catering to the growing demand for convenience foods.

As health-conscious consumers seek high-protein, low-preserved options, freeze-dried proteins present a compelling alternative. Freeze-dried proteins are poised to play a significant role in the FMCG landscape, meeting the demands of consumers for quality and convenience.

We fuel life's important moments

# OUR PROTEINS

## A SELECTION OF OUR HIGHLIGHTS

### CHICKEN

- // Chicken Breast, Cubes
- // Chicken Meat, Pieces

Discover the convenience and nutrition of our premium freeze-dried chicken breast, expertly crafted for today's fast-paced lifestyle.

Each piece is carefully freeze-dried to retain its natural flavours, essential nutrients, and tender texture, ensuring you enjoy the taste of freshly cooked chicken anytime.

Perfect for meal prepping, camping, or emergency food supplies, our freeze-dried chicken breast is lightweight and shelf-stable, requiring no refrigeration.

#### Applications

Instant Soups, Stews, Salads, Sauces, Casseroles, Rice Dishes, Ready-to-eat-meals

#### Cut Sizes

Cubes 8x8x9 mm  
Pieces 6 mm

Further cuts available on request.

#### Quality

Human grade

### BEEF

- // Beef, Pieces
- // Beef, Granulate

Freeze-dried beef is gaining traction in the food industry as a favoured option for its convenience, taste, and nutritional benefits.

The freeze-drying process eliminates moisture while preserving the rich flavours and essential nutrients of the meat, resulting in a product that boasts a long shelf life without the need for preservatives.

#### Applications

Soups, Stews, Rice Dishes, Sauces, Casseroles, Ready-to-eat-meals

#### Cut Sizes

Granulates 3 mm  
Pieces 6x6 mm  
Pieces 10 mm

Further cuts available on request.

#### Quality

Human grade

### PORK

- // Bacon, Cubes

Freeze-dried bacon is an excellent source of protein, which is essential for muscle growth, tissue repair, and overall bodily function.

Freeze-dried bacon retains its protein content after the freeze-drying process, making it a convenient protein source, particularly for those on high-protein diets like ketogenic or paleo.

#### Applications

Bolognese, Soups, Stews, Rice Dishes, Sauces, Casseroles, Ready-to-eat-meals

#### Cut Sizes

Cubes 6x6x6 mm

Further cuts available on request.

#### Quality

Human grade

### EDAMER & GOUDA

Introducing our premium freeze-dried Edamer and Gouda, both delightful cheese that captures the rich, mild flavour of traditional Edamer and the creamy flavour of Gouda while providing the convenience and longevity required for today's busy lifestyle.

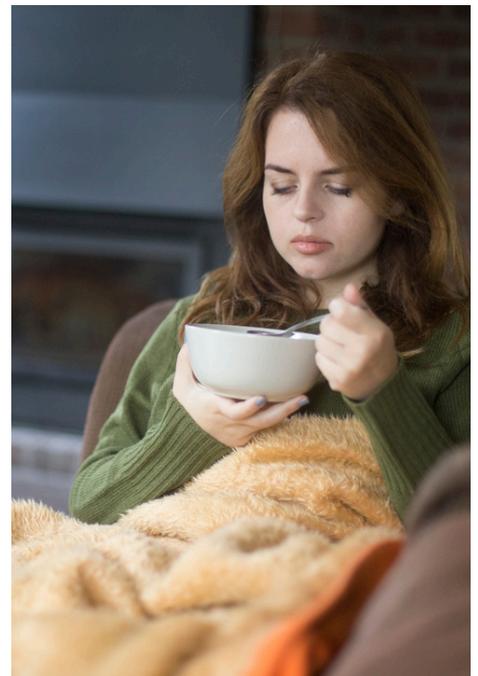

Freeze-dried cheese is lightweight and easily transportable, making it ideal for outdoor activities, camping trips, or on-the-go snacking.

#### Applications

Snack, Soups, Sauces, Salads, Pasta, Topping

#### Cut Sizes

Cubes

We fuel life's important moments.

We have a strong understanding of global culinary trends, and as a leading provider of freeze-dried ingredients, we work closely with our clients in the international food and beverage industry to develop custom product concepts.

We are committed to offering innovative products that are sourced directly from the ground up.

What is the most effective way to achieve this? We are dedicated to listening to our customers' needs, we are passionate about food products from seed to table, and we have a keen understanding of the market.
